10 to 2 Club Program

The 10 to 2 club is a reduced fee dental plan for Dental Innovations patients who have no insurance. At your cleaning/check-up appointment, you can receive your exams and x-rays at no charge as long as you keep your scheduled cleaning appointments. The hygienist and doctor will let you know if you need to come in every 3, 4 or 6 months for your cleanings depending on the health of your gums.

The following rules apply:

1. You do not have dental insurance.
2. Appointments must be made one week prior to or one week following your scheduled cleaning or perio appointment interval the hygienist has recommended. For example, if you came in on June 15th for your cleaning and the hygienist set you up on a 4 month cleaning schedule, you would need to come in for your next cleaning between October 8th and October 22nd in order to receive your free exam and x-rays. The appointments must be scheduled between 10 am and 2 pm Monday thru Thursday.
3. Any restorative (future dental work) or emergency visits (exam and x-rays) would receive a 15% discount off of our regular fees and need to be scheduled Monday through Thursday from 10 am and 2 pm. The 15% discount is not given for orthodontics or clear aligners.
4. This program is not valid with any other offer from our office. We have special offers thru the Val-pak and other marketing. This means you cannot combine or use both offers.
5. If you need to change your appointment, we ask that you give us the courtesy of a 48 hour notice so we have time to fill the opening for the hygienist. You will need to make sure that you get your appointment rescheduled during the two week period around your scheduled cleaning interval in order to receive your exam and x-rays at no charge.
6. If you should happen to not come in during your scheduled cleaning interval within the two week period, then you will need to pay full fee for the next cleaning and then get set back up on the 10 to 2 Club program. Please Initial: _____
7. The 10 to 2 Program members can receive the bleaching trays for the Bright White Club for \$99 and receive two free tubes of bleach per year. The 15% discount does not apply to the \$99 due to the regular fee being \$325.
8. The 15% discount does not apply to products such as chlorhexidine rinse, MI paste, extra bleaching tubes, Sonicare, etc.

I understand and agree to the above rules. I understand that Dental Innovations can cancel this plan at any time or not offer the plan to me due to several missed or cancelled appointments.
